

# Little Tree Huggers Preschool

## Who We Are

Little Tree Huggers (LTH) Preschool is a sustainable bilingual, nondenominational, 501(c)(3) non profit in Leesburg, Virginia. We are dedicated to breaking down barriers to sustainability in all areas of society.

We believe that an eco-green environment is essential for the development of healthy minds and bodies. LTH's farm setting, coupled with surrounding nature, creates a unique foundation for your child's future education.

**"American children on average are spending 30 minutes in unstructured outdoor play compared to over 7 hours a day sitting in front of a digital screen" Forbes**

## Why we need your help

To reach children who will benefit from this education the most, LTH has to expand and increase accessibility to our programs.

## Where can you make an impact?

### Help Us Expand:

Donations will assist in purchasing and updating a nearby parcel of land, which will be destined as a wildlife habitat and environmental education/arts center. This will allow us to reach more than 50 students.

### Give The Gift of Education:

Your generosity can be instrumental in increasing accessibility through funding a minimum of 5 scholarships a year. This will ensure that lower and middle-income families will be able to take advantage of our nature-based curriculum.

### Feed Our Animals:

Funds can also go to caring for LTH's two ponies, two alpacas, two goats and various chickens, ducks and turkeys, which our children lovingly care for daily as part of LTH's curriculum!
